The public impressions of a university and of you personally are made up of countless things. Few things are more important than your telephone personality. To aid the University's public relations, as well as your own, this directory has been compiled through the efforts of the staff and published by INSTITUTIONAL DIRECTORIES. Every effort has been made to have correct and valid information throughout this directory. Inquiries pertaining to any portion of this publication should be addressed to INSTITUTIONAL DIRECTORIES, Box 283, Lubbock, Texas . . .

This year marks Memphis State University's semicentennial year. The University has made valuable and significant contributions to the Memphis area for a half century and, at this time, faces unprecedented challenges for future service.

As one of the institutions of public higher education in Tennessee, we see our obligation to that public as twofold: first, to provide education beyond the high school for every person in the area with the capacity to profit from it regardless of means, and second, to contribute to the betterment of our community by making our facilities and the special talents of our faculty readily available whenever and wherever needed.

We are indeed happy that Memphis State has meant so much to so many in the past and sincerely believe that our ideals of teaching, research and public service must continue to provide an ever-widening spectrum of educational opportunity as the burgeoning needs of this vital area manifest themselves.

Sincerely,
C. C. Humphreys, President

UNIVERSITY REGULATIONS

The official catalog or bulletin contains the University's regulations on Academics, Finance, Aids and Awards, and Admissions as well as a great deal of information concerning student services and activities. Each student should have a copy of the University Bulletin for ready reference in these matters.

The following are a few of the regulations which are either repeated far emphasis or are enlarged upon for the sake of clarity.

The assistance of an adviser does not relieve the student of the responsibility of studying the catalog himself and fulfilling all the requirements therein for his particular goal.

Absence should be reported directly to the individual instructor, but a satisfactory excuse in no way relieves the student of the responsibility for work missed.

Absence from the final examination without the permission of the instructor incurs a mark of F.

A Student who withdraws while on scholastic probation is presumed to have failed his probation.

Students who are working should reduce their academic load. Counting two hours preparation for each credit hour, they should not schedule more than an eight-hour working day for their combined academic and business duties.

LIBRARY REGULATIONS

PRIVILEGES:

The library is open to anyone for reference use, and to the faculty and enrolled students for circulation.

As a general rule there is no limit to the number of books a student may borrow. Any book is subject to recall at any time.

The periods of loan are two weeks, seven days, and three days. Books checked out for two weeks may be renewed if not in demand.

Exceptions: Reference Books and Periodicals.
These do not circulate outside the library.

RESERVE BOOKS:

Books on required reading lists are in heavy demand. These have been placed on special reserve for use within the library during the hours open.

They may be charged out for overnight use at the time noted on the reserve desk.

They are to be returned within one hour after opening time of the next day.

REFERENCE SERVICE:

Works of reference such as encyclopedias, dictionaries, maps, and atlases - books shelved in Reading Room - may not be taken from the building. Periodicals or magazines, both bound and unbound copies, also do not circulate outside the building.

HOURS OPEN:

See sign on entrance door.

FINES AND RESPONSIBILITIES:

With the beginning of the Fall Semester the Library is putting into effect a revised fine schedule.

Unlike public library books, used largely for recreational purposes, the University Library books, are in heavy demand for study and research use. The fine rates must therefore be set high enough to insure prompt return of these books.

CONDUCT AND DRESS

All Memphis State University students are expected to be well groomed and appropriately dressed at all times on the University campus. Specific items are noted here because of their importance in carrying out this regulation.

1. Possession or use of alcoholic beverages on the campus, in fraternity housing or at University functions.
2. Drunkenness or disorderly conduct at any time.
3. Gambling.
4. Dishonesty in any form. (Any person selling property which has been stolen will be held fully responsible for the theft of the property. Be sure that property which you acquire has not been stolen.)
5. Hazing of any kind.
6. Possession of firearms, ammunition, explosives or fireworks on the campus.
7. Unauthorized entrance into any University housing.
8. Participation in a riot, unruly mob, civil disturbance, organized demonstration, on or off campus.
9. Destruction or damage of public or private property.
10. Failure to discharge financial obligations.
11. Willful disregard of any established university policy or standard.
12. Conviction in a court of law or forfeiting bond. Any student arrested and convicted in a court of law is automatically suspended for an indefinite period.

The statement that Memphis State University students are assumed to be ladies and gentlemen implies that neither ladies nor gentlemen make themselves conspicuous through loud and boisterous conduct or the exhibition of undue expressions of affection in public.

Smoking is not allowed under any circumstances in the classroom in the University. Ladies should confine any smoking they may do to the student center, cafeteria, dormitories and the lounges adjacent to the rest rooms.

Women students should not wear shorts, slim jims, slacks, etc., unless engaged in active sports. Heels are appropriate at formal and semi-formal dances both on and off campus; if a lady chooses not to dance in the heels she should bring a pair of flats. Formals are worn only when a women's group is hosting a formal dance. Guests wear cocktail dresses.

School clothes and flats are appropriate at informal dances.

Men students are expected to wear dress for active sports only in the immediate area of participation. Bermuda shorts are appropriate for men about the campus when the shorts are of the proper length, neat, and worn with shoes and socks. Whether this attire is worn into the classroom is the prerogative of the individual instructor. Under no circumstances should such casual attire be worn when calling for a date at the Women's dorms. Brief T-shirts, shoes without socks, wearing shirt-tails on the outside when the shirt is not cut square at the bottom and going without a shirt are not in keeping with the concept of a well-groomed gentleman.

ALMA MATER

Stand firm, O Alma Mater,
Through all the years to come;
In days of youth and beauty
Thy halls have been our home.
In time of preparation
Great lessons didst thou teach
Til now, O Alma Mater,
The stars we'll strive to reach.

Lead on, O Alma Mater,
Thy sons of higher ways,
Give light and truth unto them
For all their coming days.
To thee we'll give all honor,
Our hopes abide in thee,
For thou, O Alma Mater,
Hast made us ever free.

*Only
College Men...
can have all this Life Insurance
protection...with all these
benefits*

*...and only through College Life's BENEFACITOR
—the life insurance policy that's completely adaptable
to your individual needs, all through your life.*

Here's what the BENEFACITOR does for you:

- **Pays you a monthly income** as long as you are ill or disabled—even if for life.
- **Pays double for accidental death** (triple in certain cases). Not restricted by numerous exclusions as in many policies.
- **Provides cash**—at your retirement or to your beneficiary; also for emergencies, business opportunities and other needs.
- **Lower cost**—because college graduates are preferred risks.
- **Pays yearly cash dividends** from savings and profits which can be used in several ways to strengthen your financial position.
- **Sharply reduced premiums for first 3 years** to help you own adequate protection while getting started.
- **All premium deposits are re-funded** if death occurs within 20 years.
- **Guaranteed insurability** for future insurance purchases even though your health or occupation is changed.
- **Safety assured** through complete compliance with strict, time-proved, Indiana insurance law.

Sanitone dry cleaning means longer life for clothes... here's why!

1. So thorough, it gets out even the **ingrained** soil and grit that causes wear, yet so gentle it can't harm fabrics.
2. Never fades colors or leaves them dulled by soil; revives their sparkle cleaning after cleaning.
3. Our Soft-Set® finish puts back the "body" of the fabric; preserves the drape and fit of the garment.
